

Tech Group Europe

Tech Group Europe was a green fielded facility instigated in 1998 to service OEM's operating in Europe. The Dublin facility services a European customer base from this 40,000 square foot facility located 10 minutes from the Dublin International Airport. There are two clean rooms for molding and medical device assembly. In addition, Tech Group Europe operates a class 10K development/pilot manufacturing facility.

Facilities:

- Over 40,000 square feet
- Capacity – 24 presses
- Press sizes – 50-350 ton
- Class 10,000 and 100,000 clean rooms

Capabilities:

- In-house design for manufacturability
- Development facility
- Robotic handling of parts
- Automated assembly solutions
- Processing and validation
- High-volume production facilities

Features

- Continuous operations 24/7
- ISO 9002, EN46002, ISO 14001 registered
- cGMP compliant
- Dedicated teams of account managers, project managers and engineers

Solutions Driven

The Group Europe has gained a reputation for innovative solutions and quick response to customers' needs.

High-Volume Manufacturing

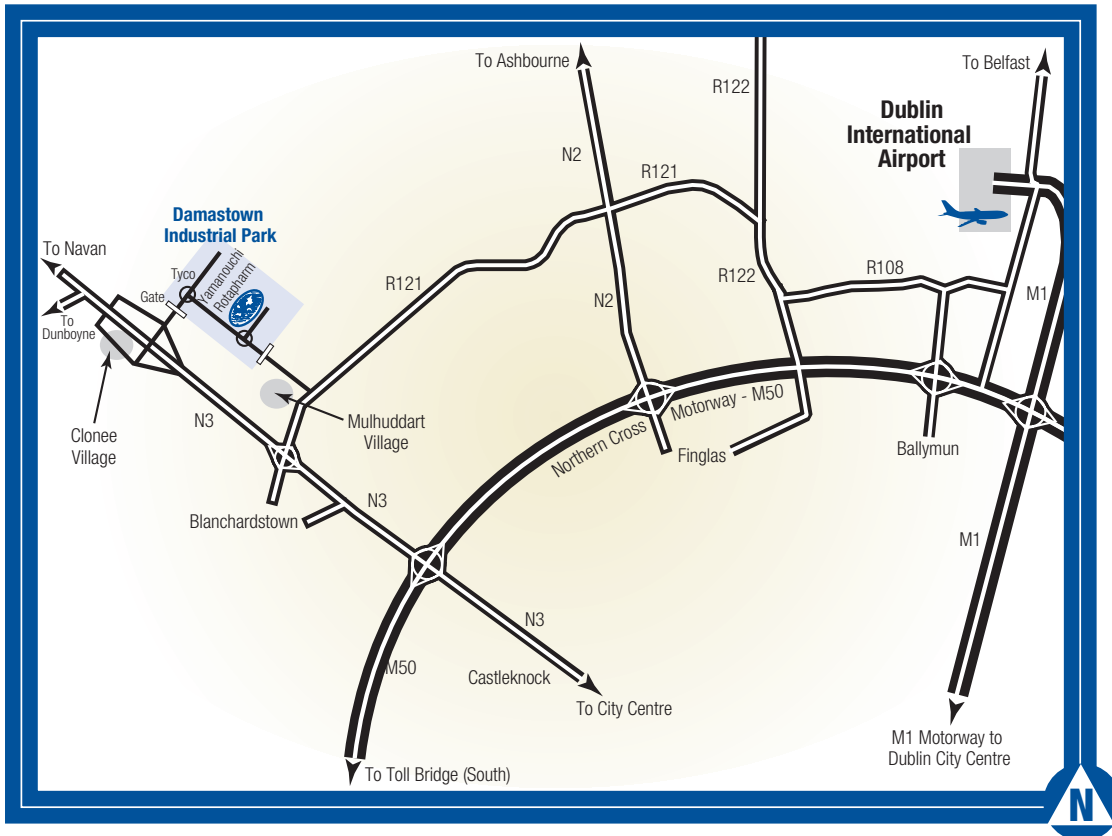

The Ireland facility is optimally designed for high-volume manufacturing.

Market Focus

Tech Group Europe serves major European-based OEM's primarily in the healthcare and consumer/technology markets.

Tech Group Europe - Ireland

Directions from Dublin International Airport: From airport, follow road signs for the City Centre. Approximately half a mile from the airport, take the exit for the M50, heading south. Exit M50 onto the N3, heading west, direction of Blanchardstown, Navan. Follow N3 west, watch for the premises of Pierse Contracting on the right hand side of the highway. Exit left off the highway at the Clonee/Dunboyne Industrial Area exit, which is approximately 3.2 miles from the M50 interchange. Take right hand turn at traffic light controlled junction at top of slip road, which will bring you over the highway, and continue straight on through the traffic light controlled junction on the other side into the industrial estate. Pass through the large black gates and past the security cabin and turn right (last exit) at roundabout just inside the estate. Pass premises of Yamanouchi Ireland and Rotapharm on left hand side and turn left at next roundabout. Tech Group Ireland will be on your left.

The Tech Group is a global organization with primary expertise in manufacturing custom and proprietary plastic products and components for the healthcare, packaging, and consumer/technology industries. Founded in 1967, The Tech Group has achieved over 30 years of consecutive sales growth.
